MASS OF COOL AIR PROMISES TO GIVE RELIEF

Mercury In Many Places Goes Above 100 Mark Thursday

10 DEATHS REPORTED

Lack Of Rain Threatens Destruction Of Cattle In Southwest

By Associated Press.

A mass of cool air moved over most of the nation today, bringing relief from three days of searing heat that was blamed for at least 10 deaths and prostrated many.

The west central states were the front of the cool wave, although temperatures in the high eighties were reported from widely scattered portions of the east.

The mercury soared to the 100-degree mark or above in Illinois, Kansas, Missouri, Nebraska, Iowa and Indiana in the grain belt, Arizona in the southwest and Utah and Washington in the west.

Yuma, Ariz., had the unenviable distinction of having the hottest known spot in the nation yesterday. The temperature reached 120 degrees, where the mercury stood at Phoenix, Ariz., 50 feet more than 120.

Lack of rain and continued heat threatened destruction to cattle ranges in the southwest. Water was hauled to parched fields and pasture and supplemental feeding of livestock was required in Arizona where drouth conditions were the worst in 11 years. Only .04 inch of rain fell in June reducing the year's total to 2.46 inches, 4.09 inches below normal. Reservoirs behind dams on Salt River, Arizona's biggest reclamation project, were lowered from the

Maximum temperatures ranged from 97 to 100 degrees in Kansas, Oklahoma, Missouri, Nebraska, Iowa and Illinois.

Yesterday was the hottest July 13 on record for Chicago, where the mercury climbed to 97. It was 96 at Denver, where 3 deaths were reported. 94 at Minneapolis, both

Weather bureau forecasts promised no relief for Kansas, which has faced temperatures of 100 or more for 10 days. It was 104 at Concordia, 109 at Phillipsburg and 110 at El Dorado. Emporia

EX-COMMUNIST STILL ON STAND

John L. Leech Testifies Regarding Activities Of Harry Bridges

SAN FRANCISCO, July 14.—(AP)—John L. Leech, once a Communist party organizer in Los Angeles continues his story of asserted Communist activities in the United States at the Harry Bridges deportation hearing today.

Leech, who has testified that Bridges was elected to the Communist central committee in New York in 1936 told yesterday of attempted Communist penetration into the United States army, navy and state militias up to 1936.

As a party official he said he assigned more than 500 young Communists to become members of the California national guard. Efforts also were made to establish "communist cells" in the army and navy, he said.

But in 1936, orders from Russia caused revision of the technique, he said, and since then the party has organized social clubs where Communists could mingle with enlisted personnel. The purpose of the revision, he said was to guard against danger of disrupting relationships between the United States and Russia. Infiltration in the national guard was abandoned, he continued, because the militia sometimes is called out to maintain order during strikes.

Leech, a painter and decorator, testified he personally knew that the Communist party had "participated in cases where murder has been committed," that men had been assigned to "beat-up squads"; and that he knew of cases where witnesses had

GUARD RAIL KILLS NEW ORLEANS GIRL

NEW ORLEANS, July 14.—(AP)—A wooden guard rail which smashed through the window of her automobile killed Miss Frances Wheeler, 21, today as she sat beside her fiance, Harold Simpson, 21.

The couple were in the rear seat of a car driven by the victim's brother, Chester Wheeler, 31. Seated beside him was his 28-year-old wife.

The police report showed the automobile was being turned onto the bridge at Thalia street and the Melpomene canal when it struck the guard rail.

A piece of wood went through the rear window on the side where Miss Wheeler was seated, striking her in the neck and almost decapitating her. No one else was hurt.

PISCATORIAL MYSTERY

INDIANAPOLIS.—Herman Fey's fishing line in Big Eagle creek pulled hard. Fey told himself, I've hooked a whopper.

He drew in the line. At the end was an alligator 20 inches long.

No one knew how the alligator got into the creek. Such animals aren't native to Indiana.

FIREMEN'S PIQUE

GALAX, Va.—Chief L. M. Todd and the other 35 members of the Galax volunteer fire department agreed to put themselves out.

They resigned in a body because city council declined to suspend softball games on July 4 while the firemen's carnival was in progress.

FISH STORY

SAN JOSE, Calif.—Hanford Eldin went squirrel hunting, but came home with a tale of sparing a rattlesnake on a fisherman's fib.

His story attested by a companion. He nearly stepped on the rattler, spared it when there was a ground squirrel in it. He gave up a fishing pole.

DALADIER SAYS FRANCE SAFE FROM ATTACK

Declares Nation's Defense Army Now Has Become Invincible

PARIS, July 14.—(AP)—Premier Daladier declared tonight in a world-wide Bastille day broadcast that the French army was invincible against an attack.

"The great national defense movement of France has given the nation an army which is ready to take up the sacred heritage of the Revolution," he declared.

Any menace and efforts at domination will find us resolved to defend French liberties and to join our efforts with those of all peoples determined to safeguard their liberties.

Crowds massed before the Invalides, great amphitheater of the Trocadero, roared their approval as the premier declared that the French army is capable of breaking any attack that could imperil our country.

France, the premier declared, "menaces none."

"We dream of no conquest," he continued. "We desire only peace among

PARISH GRAND JURORS PONDER 12 INDICTMENTS

Some Of New Bills Will Be Presented Against Dr. Smith

RESIGNATION ASKED

Tugwell Demands That Rankin Give Up Conservation Post

BATON ROUGE, La., July 14.—(AP)—Louisiana's spreading investigations were under increased federal pressure today as the parish district attorneys prepared 12 new indictments to lay before a grand jury probing affairs of the state university.

Some of the indictments, District Attorney Dewey Sanchez said, would be presented against Dr. James Monroe Smith, the university's former president already charged with embezzling $100,000 from the school.

Varied squads of federal investigators are now working in Louisiana digging into certain income tax returns, misuse of the mails and the expenditure of WPA and PWA monies. Attorney General Frank Murphy in Washington said yesterday more government agents would be sent into the state.

These representatives, he said, are from the field of the income tax and mail frauds.

Meanwhile State Treasurer A. P. Tugwell demanded the resignation of Conservation Commissioner William C. Rankin, whose department controls the natural resources of the state.

The parish grand jury which two days ago locked out its own attorneys while it conferred with Dr. Smith yesterday summoned former Governor Richard W. Leche and then listened instead to a group of laborers.

District Attorney Sanchez indicated later Leche was not asked to testify because Superintendent of State Police Lewis F. Guerre, also summoned, was absent from the state but would see Monday.

The jury wanted Guerre here when Leche testified, Sanchez said. Guerre has asserted he was not asked to arrest Dr. Smith until two hours after Smith gave his resignation to Leche on June 23.

Will Leche still crippled by the automobile which he said caused him to resign 24 hours after Smith handed over the barred gate, from Governor Earl K. Long exclaimed:

"It's kind of hitting a man below the belt. After all, he's a sick man and besides he's a former governor."

Leche protested without result to Attorney General David M. Ellison and District Attorney Sanchez when the door was closed upon him al-

NEW ATTEMPT WILL BE MADE TO LIFT BOAT

Submarine Suddenly Goes To Bottom Again After Reaching Surface

WORKMEN IN DANGER

Two Boats At Scene Narrowly Miss Being Engulfed By Geyser

PORTSMOUTH, N. H., July 14.—(AP)—The ill luck which has dodged the submarine Squalus continued today as heavy seas prevented navy divers from determining how much damage had resulted from the wild surge that first shot the craft above the surface and then thumped it back upon the ocean floor.

Rear Admiral C. W. Cole messaged the Portsmouth navy yard from the salvage ship Falcon that a heavy ground swell and a falling barometer would delay diving indefinitely.

PORTSMOUTH, N. H., July 14.—(AP)—Undaunted by the disastrous mishap which sent the half-flooded submarine Squalus plunging back to the ocean floor just as success appeared about to cap seven weeks of perilous salvage work, the United States navy valiantly launched a new effort today to raise the craft and her 26 dead.

Divers were ordered down to survey how much damage was done late yesterday when the $4,000,000 vessel ripped away from its net of lifting equipment, danced on its tail for brief seconds, bow whipping above the surface, and then dove swiftly back to the bottom where it had rested since the first fatal plunge May 23.

High naval officials and technical experts conferred all through the night aboard the rescue ship Falcon to map out a new plan of action, but little apparently could be done until the divers determined whether any damage had been done to the Squalus herself and whether it would be possible to use any of the original salvage preparations.

The most seriously damaged of the four huge pontoons from which the Squalus tore loose before settling back in the ocean was towed to the navy yard last night by the tug Sagamore. One of its three compartments was demolished; another was splintered; its air hoses were broken and a parted cable dragged at one end. A crew of workers today attacked the job of repairing the cylindrical lift.

Beginning at daybreak yesterday, the delicate, but ponderous, task of lifting the submersible proceeded slowly. The flooded stern, which holds the bodies of the dead, had to be

SALVAGE OPERATIONS TO BEGIN ANEW

Navy men swarmed aboard pontoons—one badly damaged—that broke loose when the Squalus reared in the air, broke her bounds and sank again during efforts to raise her 52 days after her fatal plunge off Portsmouth, N. BRITISH TROOPS AND FRENCH IN JOINT DISPLAY

30,000 Demonstrate With Tanks, Guns And Powerful Planes

SHANGHAI, July 14.—(AP)—The British embassy disclosed tonight that two hand grenades had been thrown by unidentified persons at the British consulate in Tsingtao, shattering windows but injuring no one.

The Tsingtao consulate had been damaged previously in anti-British demonstrations Monday and Wednesday which British authorities said were Japanese-inspired.

A Japanese dispatch from Tsingtao said today's grenade throwers "probably were anti-Japanese agitators trying to aggravate British-Japanese relations."

Tsingtao has become the center of British-Japanese strife, which has spread to many parts of China.

Thirty thousand picked British and French troops, marching with tanks and guns with powerful war planes roaring overhead, today staged the first joint display of British and

Society Scribe Deplores Lack Of News At Capital

Finds Nothing To Do As Regular Reporters Rush To Cover Scandal

BATON ROUGE, La., July 14.—(AP)—The capital was crackling with a new sensation growing out of the state university scandal, political upheaval, indictments and resignations when the society editor pushed back her telephone in disgust, and said, "Jeepers, no news again today."

"What?" exclaimed a startled political reporter at the next desk, pausing for a moment in his swift writing.

"It's a fact whether you know it or not," the society lady persisted. "Society in this town is in a tailspin. Why shouldn't it be with the new first lady doing no entertaining at all, and the former social leader, Mrs. James Monroe Smith, under indictment?

"Why, people have even postponed weddings because Governor Earl Long says man and wife can't work for the state.

BATON ROUGE, La., July 14.—(AP)—Governor Earl K. Long said today he welcomed a federal investigation of Louisiana's oil industry.

Attorney General Frank Murphy announced at Washington that federal investigators would be sent here to probe oil activities, in addition to the United States investigations regarding possible mail frauds, income tax evasions and federal-financed works project diversions.

Today, Secretary Ickes at Washington said the interior department was establishing an investigative office at New Orleans to check Louisiana oil shipments with the purpose of deter-

WASHINGTON IS WITHOUT CASH

Capital Employes Face Prospect Of Missing Semi-Monthly Pay Day

WASHINGTON, July 14.—(AP)—The capital of the United States—a city of 600,000—is operating without any money.

It hasn't had a cent since June 30, because congress cannot agree on a city tax program.

More than 11,500 employes are due to get their semi-monthly salaries tomorrow, but it appeared today that they might not get paid.

Nevertheless, the street lights burn by night, policemen patrol the avenues by day, firemen answer alarms, the municipal water plant continues to operate and white wings keep the streets clean.

It's an odd situation.

The law says you can't work for the government for nothing, yet a lot of policemen and firemen are asking one another if that isn't what they're doing.

The city can't buy anything because the law says you must have a requisition to buy and a voucher to pay

ASSOCIATION URGES FULL INVESTIGATION

NEW ORLEANS, July 14.—(AP)—Directors of the Association of Commerce today called upon Governor Earl K. Long to investigate "all divisions of our state government."

The resolution adopted stated that "confidence in and respect for Louisiana's institutions can only be restored by a full and impartial probe of all divisions of our state government."

It said the investigation could be conducted "by persons specially appointed, of unimpeachable character, as to whom no circumstance, however remote, can be found which would give rise to the slightest suspicion of partiality."

Murphy Says Protests Received With Respect And Sympathy

WASHINGTON, July 14.—(AP)—President Roosevelt said today that there could not be strikes against the government and that a WPA strike was such an action.

"You cannot strike against the government," Mr. Roosevelt said, later sending out word to news men who had attended his press conference that this phrase could be quoted directly.

This permission, given only on rare occasions, apparently was designed to emphasize the president's views toward widespread WPA strikes.

He made the statement at his press conference in response to a question about whether he agreed with Attorney General Murphy that there could not be strikes against the government.

A reporter wanted to know whether a strike of Tennessee Valley authority employes, for example, would be against the government and Mr. Roosevelt replied at first in the affirmative but indicated he had misunderstood the question and added later that he did not know.

WPA workers have been striking because of a provision in the present relief law which scrapped the prevailing wage basis of payment and required 130 hours of work a month.

In backing up Murphy's strike statement, the president said first that

WAY TO BRING UP NEUTRALITY ISSUE SOUGHT

Roosevelt Indicates He May Make Some Announcement On Subject

WASHINGTON, July 14.—(AP)—President Roosevelt indicated today that he might make some announcement on neutrality legislation this afternoon.

He told his press conference there was no news yet but that he expected to confer about noon with Secretary Hull and there might be some news some time thereafter.

Speculation has centered on the possibility that Mr. Roosevelt might send a special message to congress, although he has emphasized that he was exploring the entire field of possible action.

The senate foreign relations committee voted this week to defer consideration of the neutrality issue until next session, thus sidetracking the administration's neutrality program.

The president was asked whether he had discussed the possibility of a congressional recess until October and replied that he had not talked about it.

The foreign relations committee, meanwhile, moved into the spotlight again today with Chairman Pittman, Democrat, Nevada, predicting approval soon of his resolution to ban shipments of war supplies to Japan.

The committee was called together for a morning meeting to discuss the Pittman proposal. Isolationists responsible for shelving the administration's bill to repeal the general arms embargo moved also to block this resolution—or at least to have it "thoroughly debated."

Meanwhile, as President Roosevelt sought means of reviving the neutrality question with or without a special

GRAND JURY CALLS 2 NEWSPAPER MEN

BATON ROUGE, July 14.—(AP)—The parish grand jury investigating Louisiana State university affairs today called before it two newspaper men and several members and former members of the L. S. U. board of supervisors.

The first witness of the day was Harnett Kane, reporter for the New Orleans Item, who has been "covering" the investigation. Kane's newspaper carried a story yesterday concerning the previous political background of the 12 members of the jury.

A call was then made for Raymond Daniell, reporter for the New York Times, who is also here. Daniell was not immediately located.

The second witness was State Senator Harvey Peltier, a member of the board of supervisors. Others summoned are S. L. Maxwell of Cane-brake, board member, and L. P. Abernathy, chairman of the highway commission and former board members.

After an executive session following Abernathy's appearance, the jury questioned Daniell, who meantime had been subpoenaed. The grand jury adjourned shortly after noon until 1:30 p.m.

LIKE A FRIGHTENED FISH, SQUALUS BREAKS HER BOUNDS

Her bow reared high in the air, the ill-starred Squalus is pictured as she broke loose from her lifting pontoons, leaped like a giant fish out of water and plunged once more to the bottom of the ocean as navy men prepared to conclude salvage operations. Note the pontoons tossed about in the rolling water, and men dangerously near in the small boat beyond. The Squalus sank off Portsmouth, N. H., last May 23, carrying 26 of her crew to death. Thirty-three of those on board were rescued with the aid of a diving bell.

MONROE YOUTHS ENLIST IN ARMY

Four Go To Panama; Recruiting Officer Here Is Promoted

Word has been received here of the promotion and transfer of Corporal Harold B. McNemar, army recruiting agent from Battery "B" Thirteenth Coast Artillery, Fort Barrancas, Fla., to the recruiting service and appointing him sergeant, effective July 1.

Sergeant McNemar announces the following young men of Monroe and West Monroe have been accepted and enlisted in the army this week:

William J. Yount, 302 Crosley street, West Monroe, engineers, Panama; Vernon W. Evans, 213 North Fifth street, Monroe, coast artillery, Panama; John B. Becton, 414 Pine street, West Monroe, infantry, Panama, Charles W. Loveless, Jr., 504 Natchitoches street, West Monroe, infantry, Panama, and William L. DeLoach, 307 Pine street, West Monroe, infantry, Fort Benning, Ga.

The recruiting officer said that generally speaking, an applicant for enlistment in the regular army must meet the following requirements:

He must be between the ages of 18 35 years for original enlistment, single, and, if under 21 years, must have the written consent of parents or guardians. He must be at least 5 feet 4 inches in height and weigh not less than 115 pounds, and must have written testimonials of good moral character from reputable citizens of his acquaintance. He must be in good health, free from deformities, a citizen of the United States by birth or naturalization, and must be able to pass the required intelligence and literacy tests.

Sergeant McNemar is anxious to get in touch with former members of the regular army, now discharged, who may be interested in enlisting in the regular army reserves. Single or married men who have been honorably discharged from the regular army after one year or more of continuous service are eligible for enlistment in the reserves in the grade held when they were discharged he said.

Anyone desiring information regarding the regular army or army reserves is requested to communicate with Sergeant McNemar, Room 106 in the New Post Office building at his residence, 209 Washington street or by telephoning 205.

ROTARY HAS REPORT ON ANNUAL MEETING

The Rotary club, at the weekly meeting in Hotel Virginia, Thursday noon, listened to a report of the international convention recently held in Cleveland.

The convention was attended by Judge W. M. Harper and D. Aubrey Haas and they made a complete report of the highlights of the big meeting.

Club singing took the place of other entertainment during the hour.

NEGRO INJURED

George Youngblood, negro, 108 Swayze's alley, was admitted to the Vaughan-Wright-Bendel clinic Friday morning for examination of his back, which was injured Friday. Youngblood, who was working on construction of the new Monroe Furniture company building on North Second street, said his back was injured when he was struck by a concrete dip in use on the construction job.

VETERAN OF UNION ARMY SUCCUMBS

JOHNSON CITY, Tenn., July 14.—(AP)—[illegible] Jacob J. Short, 96-year-old veteran of the Union army in the War Between the States, died today in Soldiers home after a brief illness.

A former Indian fighter and deputy United States marshal in west Texas, Short remained active until recently.

Only last week he was awarded a certificate of progress by a WPA adult education school in which he enrolled "to show up some of my friends from 40 to 50 years of age who think they are too old to learn anything."

Publicity given his enrollment in the school resulted in receipt of a letter from Judge D. B. Jay of Mentone, Tex., who claimed to be Short's grandson.

Short, who said he "lost all touch" with his relatives 39 years ago, planned a reunion with Jay and Jay's mother, Mrs. Delphia Jay, whom Jay represented as Short's daughter.

FOREST FIRE ARREST MADE

Reservation Officials In Oregon Say Blaze Incendiary

PORTLAND, Ore., July 14.—(AP)—Devastating forest fires, at least one of them believed of incendiary origin, and others started by lightning, crackled through green northwest timber today while nearly 1,500 fire-fighters battled to control them.

Five thousand acres of timber on the Calimus butte of the Klamath Indian reservation in southern Oregon were ablaze and out of control. Reservation officials said the fire was set and that they had arrested one man. His identity was not disclosed.

Several hundred fire fighters brought the flames under control momentarily Thursday, only to have their efforts annulled by a strong wind which sent the flames jumping over fire lines.

Harry White, assistant in the United States forest service's fire control department, said several fires were set Thursday morning by lightning in Snoqualmie, Mount Baker, Chelan and Wenatchee national forests in Washington. Most of them had been controlled by C. J. Conover, assistant forest supervisor, said at Seattle that two fires in the Snoqualmie forest were threatening. One hundred men were battling a small but stubborn blaze near White Salmon, Wash., which spread into green timber last night.

Crews were dispatched to 34 fires in the Wenatchee forest set by lightning which crossed and recrossed the huge stand Thursday. The size of the fires was unknown.

Fires covering 700 and 300 acres in the Ochoco national forest in central Oregon were patrolled by CCC men. Both reached sparse, scrubby stands of pine and fir but threatened richer forests. Both were set by lightning.

The common Indian cobra is probably responsible for several thousand deaths annually.

Air-Conditioned

Until it was called to our attention by a dispatch from Washington, we hadn't noticed the peculiar absence of fist fights in the halls of the capitol. Usually about this time of year, if congress is in session, some legislator punches a colleague in the nose and receives a buffet in return, while remarks are passed that never get into the record.

It's an old American custom, and probably better than the French method of paying off grudges by duels. But it does detract a bit from the dignity of the office. The reason for the seasonal flare-ups in the capitol is now apparent; it's both the heat and the humidity. That has been proved to the satisfaction of most students of congressional fisticuffs by the fact that although the thermometer has been sticking to the ninety degree level or higher, nobody has taken a swipe at a brother solon.

The capitol has been air-conditioned!

If sweetness and light can be attained in the halls of congress by simply cooling off potential fist-throwers, why couldn't similar results be achieved internationally? Maybe all the Japanese in Tientsin and the Nazis in Danzig need is a regular change of air.

ANGELL GIVEN SENTENCE ON LIQUOR COUNT

Found Guilty Of Law Violation In District Court Here Friday

C. J. Angell was found guilty of violating parish liquor laws in Judge David I. Garrett's district criminal court here Friday morning and fined $50 and costs and 30 days in jail. Judge Garrett also imposed a sentence of six months additional in jail in case of default of the fine and costs by Angell and revoked the liquor license of his place, the Three Mile inn.

Howard Honeycutt, who faced trial with Angell on the same charge, had his case nolle prossed by the district attorney. T. G. Kincaid, who also faced trial on a charge of selling liquor between the hours of midnight Saturday and 6 a.m. Monday, was found not guilty by Judge Garrett but the liquor license of his place, the Last Chance bar, was revoked. Luther Hood, negro, who was tried on a like charge, was sentenced to 30 days and $50 and costs, with an additional six months in jail in case of default of the fine and costs.

Edgie Blackburn, negro, was fined $20 and costs or 30 days in jail on each of two charges of making false statements to obtain social security benefits. Judge Garrett suspended the sentence. Elijah Colvin, negro, was found not guilty on a charge of assault and battery, and Edward Curry and Ben Forbato, who entered pleas of guilty to violating game laws, were fined $25 and costs each and additional sentence of 30 days in jail in case of default, but sentence was suspended.

Court was adjourned until Friday afternoon, when the trial of Theresa Hamilton, negro woman, on a charge of larceny will take place. Misdemeanor day, Friday was the last scheduled meeting of the court until it convenes again early in September.

BYRD TO TAKE SIX TANKS TO ANTARCTIC

BOSTON, July 14.—(AP)—Rear Admiral Richard E. Byrd, disclosing plans for his coming land-claiming expedition in the Antarctic, said today six army tanks and a unique 45,000-ton snow cruiser would be used for transport over the south pole's icy wastelands.

The explorer, whose projected expedition to the land now being eyed by Germany, Great Britain, France and Norway is backed by $350,000 of United States government money, said the tanks minus guns would be more effective than tractors on the snow and ice because of wider and longer treads.

The snow cruiser, developed by Dr. Thomas Poulter of Chicago, would carry four men and an airplane and would be extremely mobile and easy to manipulate under the difficult conditions found in Antarctica.

"I think that part of the Antarctic in the western hemisphere should be brought under the Monroe doctrine," he asserted. "The northernmost tip of Antarctica is only 600 miles from the southern tip of South America or within flying distance. It would be possible to fly to Australia via Antarctica."

$12,211,422 ESTATE IS LEFT BY OCHS

NEW YORK, July 14.—(AP)—Adolph S. Ochs, publisher of the New York Times who died April 8, 1935, left a net estate of $12,211,422 a tax appraisal showed today.

The bulk of the estate was in securities totaling $11,615,339, largely in New York Times stocks which aggregated $11,018,152.

The appraisal papers showed a total of $405,000 in public bequests, the largest item being $200,000 for Hebrew Union college, of Cincinnati, O., for its endowment fund.

The principal personal beneficiaries were the widow, Mrs. Effie Wise Ochs, who died May 6, 1937, and a daughter, Iphigene Ochs Sulzberger, of Manhattan, who were named residuary legatees.

DEATHS

FRED ROCKHOLD

JONESBORO, La., July 14.—(Special)—Fred Rockhold, 25, son of Mrs. Essie Rockhold of Jonesboro, died Wednesday at 2 a.m. from an attack of appendicitis. He underwent an operation for appendicitis in a Baton Rouge hospital two weeks ago, was later removed to his brother's home in that city where death resulted suddenly.

Funeral services were held at Edmond's Funeral home in Jonesboro, Thursday at 9:30 a.m. Rev. A. D. George officiated, being assisted by Rev. J. W. Buckner of the Jonesboro Baptist church. Interment was in the Jonesboro cemetery.

Mr. Rockhold is survived by his mother, Mrs. Essie Rockhold of Jonesboro, five brothers, Edward, Alton, Raymond, Lloyd and Floyd Rockhold, all of Baton Rouge, and two sisters, Mrs. William Chaney of Shreveport and Miss Evelyn Rockhold of Baton Rouge.

HELD AS SUSPECT

Sadie Wilson, negro woman, was held in jail here Friday morning as a suspect in the burning of a negro house at the foot of Auburn avenue early Friday morning. The house, which firemen said was badly damaged, belongs to Robert Layton of Monroe. It was occupied by negroes at the time of the fire, and police said they picked up the Wilson woman soon after the alarm as an arson suspect.

ROOSEVELT CABLES PRESIDENT LEBRUN

WASHINGTON, July 14.—(AP)—President Roosevelt cabled President Lebrun of France today his best wishes for "the continued peace and prosperity" of France on the 150th anniversary of the fall of the Bastille, start of the French revolution.

His message read:

"On this great anniversary which the people of France are celebrating today, I take pleasure in tendering to your excellency, on behalf of the people of the United States and in my own name, sincere congratulations and earnest wishes for the continued peace and prosperity of the republic."

'AIR LOCHINVAR' HEADED FOR TRIAL

YAZOO CITY, Miss., July 14.—(AP)—Earnest Pletch, who spent a merry two weeks playing the part of a "Lochinvar of the air," was placed in a state police car today for return to his home at Frankfort, Ind., where he must answer charges of stealing the plane he used in his exploits.

Deputy Sheriff R. D. Warren, Jr., said Pletch finally admitted late yesterday that he was the "Larry Thompson" who took Goldie Gehrken, 17-year-old Illinois lass, for a romantic ride over Missouri and Illinois, while police tried to nab him.

Miss Gehrken, after the plane trip, said "Thompson" asked her to marry him but that she declined.

The officers returning Pletch for trial were headed by Sheriff John Hamilton of Clinton county, Indiana.

PARISH COUNCIL HOLDS MEETING

Seven Clubs Represented At Jonesboro; Future Plans Discussed

JONESBORO, La., July 14.—(Special)—The Jackson parish home demonstration council, at its regular meeting held Tuesday, had representation from seven clubs. Plans were formulated for attendance at Calhoun on Orchard day, July 18. Plans to secure a bus to take club members to the adult short course, August 7-11, were also discussed.

Mrs. Tressie Davis gave an interesting report on "Latin America," in which was stressed the similarity of agricultural products grown with those of the United States.

Miss Louise Gray, librarian, talked to the group about securing reading certificates and indicated when they would be awarded. She urged all to read the minimum requirement of 12 books.

Those present at the meeting were: Mrs W M Sharrard, Mrs J L Kelly, Mrs B L Fallin and Mrs Mary Lee Chandler from Kilbitton club; Mrs J R Earles, Mrs Ottilia Earles, Mrs Vernice Perry and Mrs. Tressie Davis from the Jonesboro-Wyatt club; Mrs J R Deese, Mrs. C E Turnage, Mrs McDowell, Mrs. LaVerne Brooks and Mrs. Ella McDew from Sweetwater club; Mrs. M B Peevy from Weston club; Mrs J D Koonce and Mrs W A Downs from Eros club; Mrs F A Hinton and Mrs. Ike Beatty from Clay club; Mrs W R Guess from Quitman club, and Mary Vernon, home demonstration agent.

LOU GEHRIG NOW 'DISABLED VET'

BOSTON, July 14.—(AP)—Lou Gehrig was recognized today as a "disabled veteran."

Major Ralph W Robart, state president of the disabled veterans of the World war, invited the former Yankee star, who set a record for consecutive games played before being put out of action by a type of infantile paralysis, to attend the organization's national convention here July 29 to August 5.

"Your very presence with us," the invitation read, "would be a further inspiration to our many comrades who also know what it is to labor on through physical suffering—to play the game out to the very end as you have so often done."

CONSTRUCTION IS PROGRESSING ON 3 SCHOOL JOBS

Superintendent T. O. Brown expressed approval of the progress of construction on the three parish school additions that are now under way and which he hopes to see in use when the fall semester of school opens in September.

The foundations of all the three are in place and the contractors are ready to rush construction.

The additions comprise a three-story addition to the Ouachita Parish High school, which contract was awarded last month to Humble and Humble, local contractors, for $22,855; a one-story addition to the Millsaps school in West Monroe, W. G. Haynes, West Monroe, contractor, and the cost of construction to be $6,692, and a one-story addition to Lenwil school, also being constructed by W. G. Haynes, at a cost of $1,942.

Because of the fact that this construction is in progress, Superintendent Brown said Friday that it is not at all likely that he will be able to leave for a summer vacation this year as he desires to watch construction as it proceeds on the three jobs named.

GERMAN SENTENCED

GRAZ, Germany, July 14.—(AP)—Dr. George Strafella, former president of Austrian state railways, was sentenced yesterday to five years at hard labor on conviction of misusing funds of the Graz Street Car company. Strafella, who was active in Austria's political and economic life during the regime of former Chancellor Kurt Schuschnigg, was accused of using the railway funds for political purposes.

CARIBBEAN QUARREL FORGOTTEN

Up from Santo Domingo for an American visit, the Dominican dictator, General Rafael L. Trujillo, left, was greeted in Washington by United States officials and by Minister Ellie Lescot, right, of Haiti, as shown in the photo above. Bloody border warfare marked relations between Santo Domingo and Haiti about two years ago.

CHAMBERLAIN TOY INJURING GERMANY

BERLIN, July 14.—(AP)—[illegible]ister Chamberlain, whom Nazis [illegible] of trying to "encircle" Germany, [illegible] is called a big competitor of the German toy industry.

An industry report published [illegible] Bergwerks-Zeitung said English-made Chamberlain-with-his-umbrella [illegible] were selling so fast in Great Britain they were helping to ruin Germany's toy trade there.

Berlin toy exports have fallen steadily since the World war owing to the growth of toy industries in other countries.

message to congress. Pittman reiterated that "the subject is dead so far as the committee is concerned."

He added he would oppose as not germane any effort to attach a neutrality bill as a rider to his Japanese resolution. There also were indications that he might move to discharge the committee from consideration of the latter, should it be blocked or rejected.

General opposition has developed to a senate parliamentary move to bring the neutrality issue before the senate. With the neutrality controversy still holding the key to adjournment of congress, the senate yesterday moved a step nearer to that goal by passing, 63 to 8, the bill revising the social security act. GOODWILL FARM TOUR PLANNED

Bornman Asks Those Interested In Mid-West Trip Contact Him

Parish Agent D. L. Bornman asked Friday that all Ouachita parish farmers or business men interested in going on the second annual Midwest Goodwill tour for Louisiana farmers and their wives get in touch with him at his office in the courthouse.

The trip, which is sponsored by Louisiana Farm council, representing all agricultural organizations of the state, is designed to acquaint agricultural leaders in the states visited with Louisiana agriculture and also to give leaders of this state an opportunity to gain first-hand information on agriculture and agricultural problems in other states.

Mr Bornman said that tentative plans for the tour, as revealed in a letter from Dean J. G. Lee of the state college of agriculture, call for a special train which will leave the state during the latter part of July, probably about July 23, and return about August 2. Plans call for Pullmans to be placed at certain points in south Louisiana and north Louisiana. The train will proceed through Memphis, western Kentucky, probably a portion of Indiana, Illinois, Wisconsin, Minnesota and a portion of Iowa, returning through St. Louis.

The entire cost of the trip will be $90, Dean Lee said. Most of the meals will be furnished by farm organizations along the route, he said. Special rates are being offered by the railroads and, although the state tour committee has not yet been designated, Milton C. Tainter, secretary of the state farm bureau, is making arrangements for the trip. The rates quoted by the railroads is for a full train of not less than 100, Dean Lee said, and he added that it is necessary that reservations be made at once.

WASHING WOOLEN ROBES

To launder a woolen robe, prepare a large quantity of lukewarm, sudsy water. Put the robe in and press the suds all through. Repeat twice, then rinse the robe in clean, lukewarm water three times. Squeeze out what water you can with light pressure, then roll the robe in a bath towel. Leave it for an hour, then shake it out and lay on a flat surface, in the shade, to dry.

FIRE ESCAPE By Willard

OPEN AIR REVIVAL TO BE CONDUCTED

An open air revival will be initiated on the lawn of the Church of the Nazarene, Thomas and Richmond streets, starting Friday night. A large platform has been erected for the choir and musicians. Comfortable seats have been provided and the lawn is attractively lighted. The evening service will be devoted to the singing of sacred hymns and the Twin City quartet will assist in the singing.

Nightly meetings will last for two weeks or more, with singing opening the services at 7:45 p.m. Various local quartets and several from out of town will participate. The pastors will be in charge and will deliver most of the messages, but local and out of town pastors have been asked to aid.

The public is invited to attend.

DIRIGIBLE FUND ASKED

WASHINGTON, July 14.—(AP)—President Roosevelt has asked congress to vote $300,000 to start work on a navy dirigible and authorize contracts totaling $1,700,000 to complete it. He made the request yesterday after having indicated previously that further experiments with lighter-than-air craft would be postponed indefinitely.

LOCAL BOYS ENTER MILITARY ACADEMY

CULVER, Ind., July 14.—(Special)—Armand G. McHenry, 1310 Riverside, and Aiden T. Shotwell, Jr., 406 Forsythe avenue, Monroe, are among the nine Louisianans enrolled this summer for eight weeks of activity in the summer schools of the Culver Military academy.

Both are midshipmen in the naval school and are continuing their courses of instruction in rowing, sailing, navigation, and varied land, water and athletic activities.

Final enrollment figures released this week show that the 742 students represent 39 states, the District of Columbia, Cuba, and Costa Rica. Ohio leads the list with 149 representatives, while Indiana has 127 and Illinois 122. Figures show that the students come from 335 cities and towns, Chicago topping the list with 36.

A further breakdown shows that the naval school enrollment is 358; the woodcraft camp 275, and the cavalry school 109. Of the total 329 are old students, and 413 are new.

GIRL SCOUTS WILL MAKE DELIVERIES OF DOUGHNUTS

Girl Scouts today will begin distributing orders for doughnuts given them by residents of Monroe and West Monroe to assist them in raising funds to make a trip to the Gulf coast in August, it was announced last night by Mrs. E. L. Whittington, Girl Scout captain of this area.

The Girl Scouts have been working for the past several days securing these orders for doughnuts which are being baked in a local bakery.

In regard to a rumor that misrepresentations were being made by some one selling doughnuts, Mrs. Whittington said she would personally vouch for the 44 girls enrolled here. Brothers and other members of the girls' families will aid them in the deliveries today.

REAL ESTATE

Real estate transfers recorded yesterday at the office of the clerk of court of Ouachita parish were:

E. W. Cruse and P. J. Newman sold to James Henry Simmons lot 2 and 3 and a strip of land, 15 feet by 240 feet, along the east side of lot 3, all in E. W. Cruse's subdivision of the Alexander tract for $1,200.

W. W. Kellogg and R. D. Kellogg sold to Charles Shearer Foster lots 3 and 4 of block 1 of the Kellogg subdivision of Riverside Realty company's subdivision of Hardtimes plantation for $675.

SOUR CREAM DRESSING

This new sour cream salad dressing is delicious on tomato or lettuce salad: Mix ½ cup thick sour cream, 1 teaspoon granulated sugar, ¼ teaspoon each of paprika and dry mustard, 2 tablespoons of vinegar and 3 tablespoons of chili sauce or catsup. Beat with a fork, chill and serve. This makes four portions.

BOY'S LONG-WANTED BICYCLE IS STOLEN

PITTSBURGH, July 14.—(AP)—After saving pennies for eight years to buy a $25 bicycle, 12-year-old Franklin Langsdale had his fun just three days before someone stole the wheel when he parked outside his grandmother's bakery.

"I walked all over looking for my bike," sadly commented the youth. "I just hope that person will give it back to me. It'll take me an awful long time to save another $25. I know if that person knew how much I wanted a bike and how many pictures of bikes I've looked at he wouldn't keep it."

NELSON ENTERS SEMI-FINAL OF P. G. A. TOURNEY

Trounces Emmerick Koscis 10 And 9; To Go Up Against Dutch Harrison

By Bill Boni

NEW YORK, July 14 —(AP)—By playing 27 holes in nineteen pars and eight birdies, Byron Nelson, the reigning U. S. Open champion from Reading, Pa., Thursday came a big step closer to becoming the first golfer since Gene Sarazen to win the Open and the P. G. A. championships in the same year.

Nelson, one of the best iron players in the business, blasted Lloyd Emerick Koscis of Orson, Mich., out of the 22nd P. G. A. tournament at the Pomonok Country club in the top-notch score of 10 and 9.

Defending Champion Paul Runyan came to the end of an even-match winning streak Henry Picard put himself in better shape to avoid losing to a little known assistant pro and F. J. (Dutch) Harrison reached

the semi-final round in his first P. G. A. tourney. But it was Nelson who put on the demonstration of how this short golf course should be played.

The slim ex-Texan, who holds the 36-hole tournament record of 130 strokes, did half that well for the morning half of his quarter-final "match" with Kocsis. Lord Byron, with seven 3's on his card, shot a seven-under-par 65 into Kocsis' ruddy face and, since that left him 7 up, had to go only nine more holes to close out the match.

Even Nelson was willing to admit his morning's work was a "masterpiece."

"Still," he added, "this course isn't a real test. I'd say my two 68's in the Open at Philadelphia were better rounds. I'm happy, but you'd do me a favor and it would be worth a sawbuck, if you could find some way to steal Harrison's putter."

In Friday's 36-hole semi-final, which he must win for a shot at the feat Sarazen performed in 1922, Nelson will go up against Harrison, the lean, lanky ex-Arkansan from Oak Park, Ill., who hasn't been very bashful either, in his match-handling of Pomonok's par.

Harrison, one of the Country's most promising younger pros, won his semi-final spurs by turning back Horton Smith, his original sponsor, 4 and 3. In the upper half of the draw Dick Metz, no worse than ever after the seventh hole in the morning, topped Rod Runyan 2 and 1, and Paul Runyan won the last two holes to top Maxwell Runyan's assistant, by the same score.

TARZAN AND THE FIRES OF TOHR — By Edgar Rice Burroughs

Tarzan's defiance stirred Ahtea to fury. "You- you dare dictate to me? By Panto, I'll--" "Your threats don't interest me," Tarzan interrupted. "But I'll bargain with you. Free O'Rourke and Kailuk, and I'll reveal the man who plotted revolt of your slaves."

It was a costly bargain for Tarzan, because he was himself the master conspirator. Yet, he was willing to bear the consequences if he could win freedom for his loyal friends. The queen, however, was in no mood to meet his terms. She must uphold her authority.

"Ahtea does not bargain with prisoners and slaves, Tarzan of the Apes. O'Rourke and Kailuk shall die as I have decreed. And you, my bold Tarzan, shall reveal the conspiracy." The Jungle Lord slowly shook his head. Then the queen of Tohr cried shrill commands.

"Mungo! Guards! To the public whipping posts with them! Notify the people the court, my chief and nobles. Let all assemble in the plaza." She turned grimly to Tarzan. "At one hour past midday the flesh will be stripped from your bones with whips!"

The glaring noonday sun beat down brassily upon a vast yellow-skinned throng in the central plaza of Tohr. Beneath a canopy of skins Ahtea sat on a platform that jutted out from the palace staircase. On either side of her stood Janette Burton and Dr. Wong Tai.

Extending across the square was a long line of elephants mounted by the palace guard. In the middle of the line Mungo sat proudly astride the neck of the huge, restless Malluk, the beast Tarzan had tamed. The sultry air was charged with nervous expectancy.

Presently a low murmur arose from the close-packed throng. The crowd parted at the far end of the plaza opposite the royal platform. Tarzan, O'Rourke and Kailuk, surrounded by guards, walked stoically through the lane toward the open space in the center.

The three slaves were led to tall stakes driven firmly in the ground. To these they were tightly trussed. Then two yellow giants stepped up to each of the bound men. They toyed with their many-thonged whips, waiting the queen's signal to begin their brutal torture.

WILL RECEIVE BIDS ON THREE PROJECTS

BATON ROUGE, La., July 14.—(AP)—The state highway commission announced it would receive bids on August 9 for construction of three projects. They were:

Jefferson parish—Overpass over the Texas and Pacific and Southern Pacific railroads between Boutee and the Mississippi river bridges on the old Spanish trail west of New Orleans.

Concordia—6.647 miles concrete between Clayton and Ferriday.

Vermilion—9.187 miles of grading and surfacing on various routes.

There are 25,000,000 dairy cattle in the United States.

MARKETS AT A GLANCE

NEW YORK, July 14.—(AP)—Stocks irregular; profit-selling halts rally. Bonds steady; corporate loans in selective demand. Curb mixed; some specialties and metals improve. Foreign exchange quiet; rates narrow. Cotton uneven; trade support, hedge selling. Sugar narrow; liquidation and hedging. Coffee lower; local demand absorbs liquidation.

CHICAGO—Wheat higher; commercial demand. Corn lower. Cattle dull and weak. Hogs steady to 10 higher.

NEW YORK STOCKS

NEW YORK, July 14.—(AP)—Further cashing of profits in today's stock market served mainly to slow dealings and failed, on the whole, to disrupt prices to any great extent.

The proceedings got off to a listless start and the pace inclined to drag during the rest of the day. Transfers for the five hours approximated 500,000 shares, or only a little more than half of yesterday's turnover.

By Victor Eubank

NEW YORK, July 14.—(AP)—Profit-sellers took further small bites out of the stock market today, although many issues were successful in contesting the nibblers.

Dealers were about one-third those of Thursday and, near the fourth hour, prices were no worse than moderately mixed.

Recovery forces were not particularly perturbed by the waning of the buying appetite. It was argued that after four consecutive climbing sessions the list was entitled to a breathing spell.

The foreign picture continued to fade as a trading influence and the attention of the financial district turned more to hopeful business prospects and Washington political maneuverings.

Many commission house customers intending to pick up Saturday for a lengthened holiday lightened commitments somewhat.

European markets maintained a steady tone. Bonds were selectively higher and commodities inclined to firmer.

Among stocks accorded support were Chrysler, United States Rubber, Sears Roebuck, Union Pacific, Phelps Dodge, du Pont, Dow Chemical, National Dairy, Delaware Hudson, Radio, Douglas Aircraft and Zenith Radio. Losing were General Motors, Bethlehem Steel, American Telephone, Santa Fe, Kennecott, American Can, Douglas Aircraft and Union Carbide. Loew's, Standard Oil of Ohio, Hedges-Walworth, Eastman Kodak, Standard Oil of New Jersey, American Cyanamid, Barnsdall "A" and Texas Corporation.

Steels were inconsistent. Interest in forecasts of [illegible] operations in the industry [illegible] Bethlehem [illegible] making [illegible] 80 per cent of capacity, highest mark for the year to date.

CHICAGO GRAIN

CHICAGO, July 14.—(AP)—Wheat prices had an upward trend at the start of trading today. The stronger tone of the European market and reports of good demand for cash wheat from consuming interests considering the premium paid for actual grain over futures prices helped to strengthen the market.

Opening unchanged to 3-8 higher, July 66 1-2, September 66 3-8 to 1-2, wheat later held about steady. Corn started 1-2 lower to 1-8 higher, July 44 1-2 to 1-2, Sept. 45 5-8 to 3-4.

Wheat closed 1-8 to 3-4 higher than yesterday, July 66 1-8, Sept. 66 7-8 to 67.

Corn rallied from early losses of almost 2 cents in the July contracts and closed unchanged to 1-8 lower, July 43 3-4, Sept. 45 1-8 to 1-4. Oats lost 1-8 to 1 3-8 while rye closed 1 cent off to 1-2 up and lard unchanged to 5 higher.

Sugar

NEW YORK, July 14.—(AP)—Liquidation and hedging continued to offset trade buying and covering in the domestic sugar futures market today. Midafternoon prices were unchanged to 1 point lower in moderate trade. Easiness in raws was also a depressing factor. September recovered to 1.89 or 1 net lower.

World futures were unchanged to 1-2 point lower with trading scattered, pending quota advices from London. September was down 1-2 at 1.22 but May recovered to an unchanged price at 1.18.

Cuban raw sugar for August shipment sold at 1.95 cents C. and F., which equals the last spot sale at 2.85 cents duty paid. Other offerings ranged as low as 2.83. Refiners held 4.35 to 4.40 cents.

Futures No. 3 closed unchanged to 1 lower. Sales 11,450 tons. Closed: Sept. 1.89B; March 1.92B.

DALADIER SAYS FRANCE SAFE FROM ATTACK

NEW HEAD OF BAR IS EARLY RISER

SAN FRANCISCO, July 14 (AP)—Charles A. Beardsley, who becomes president of the American Bar Association, is an early riser, golf and senior member of an Oakland law firm.

He was born in Topeka, Kan., January 24, 1882, went through high school in two years and passed the California bar examination prior to his graduation from Stanford with the honor of the Golf in 1906.

He has startled associates repeatedly by showing up for work as early as 2 a.m. and seldom depends on younger associates to supply him with briefs.

Lecturing at Stanford provides no monetary compensation but Beardsley said he was rewarded by keeping on my toes among a group of young fellows who are much alive and appreciative of the good one can do for them."

He takes time out occasionally on week-ends to play golf, and not infrequently takes a hand of bridge.

A few strands of the first barbed wire fence that was built in Texas, near Amarillo, still are nailed to their posts, erected in 1875.

RHODES IN FAVOR OF SPECIAL SESSION

FARMERVILLE, La., July 14 (AP)—Senator R. W. Rhodes, representing the 23th senatorial district (Union, Lincoln, Morehouse and West Carroll parishes), today announced he is in favor of a special session of the legislature, if and when the present situation has been clarified to some extent and "some of the guilty ones are weeded out."

Senator Rhodes also announced that "inasmuch as it seems there is a great deal of loud-mouthed opposition to the sales tax, I would like to see a constitutional amendment submitted to the people on the sales tax and the entire social security program."

The senator said he believed a special session will be called by Governor Long at an early date.

HELPFUL HAIL

LONGFORD, Kans.—(AP)—Before W. E. Thorp, farmer, began to harvest his wheat he estimated 40 per cent of it had been ruined by a hail storm. But in the harvest he discovered the hail stones merely had knocked off most of the chaff and beards and left the grains to be gathered—and it's the grain that brings the profit.
